Lifestyle Spending Account FAQs: What You Should Know

What is it?

A Lifestyle Account (or LSA) is a post-tax benefit provided by your employer to help meet specific expenses not covered by traditional healthcare offerings.

How does it work?

The LSA plan has specific restrictions determined by your employer. Some plans and expenses will allow you to use a benefit card, while others may require you to pay out of pocket and request reimbursement, similar to a medical claim.

Why won't the card work everywhere?

Card networks, such as Visa or Mastercard, impose specific limitations on certain types of employer plans. Additionally, certain merchants restrict what types of benefit cards are accepted. While we are always working to improve, expenses can still be submitted for a quick reimbursement.

Do I have to pay anything?

While your employer is funding the account, IRS regulations require LSA plans to be post-tax. This means that, while your employer is funding the plan, any funds spent will still be considered taxable income and included in the tax paperwork you receive each year.
