Commuter Plan Overview

A Commuter Plan lets you set aside pre-tax dollars to cover qualified mass transit and parking expenses on your way to and from work — a simple way to save up to 30% on your commuting costs.

Using Your Benefits Card

Use your Benefits Card to pay for eligible parking expenses or request reimbursement via direct deposit or check. Some parking and mass transit facilities are not properly coded to accept Benefits Cards. If your Benefits Card declines, this is generally the reason. Please be prepared to pay out of pocket and request reimbursement. We recommend that you include a receipt with your request for reimbursement; however, receipts are not required if the parking facility does not supply you with one.
