Lifestyle Spending Account FAQs: **What You Should Know**

What is it?

A Lifestyle Spending Account (LSA) is a post-tax benefit provided by your employer to help meet specific expenses not covered by traditional healthcare offerings.

How does it work?

The LSA plan has specific restrictions determined by your employer. Some plans and expenses will allow you to use a benefit card, while others may require you to pay out of pocket and request reimbursement, similar to a medical claim.

Why won't the card work everywhere?

Mastercard imposes specific limitations on certain types of employer benefit plans, and some merchants also restrict which benefit cards they accept. If your card is declined, don't worry — you can always pay out of pocket and submit the expense for reimbursement quickly and easily.

Will I owe taxes on this benefit?

Because the LSA is a post-tax benefit, any funds you spend will be considered taxable income and included in the tax paperwork you receive each year. Your employer covers the cost of funding the account — the tax treatment is simply part of how this type of benefit works.
