Transportation Plan Overview

This plan allows you to set aside salary before any taxes are taken out and use those funds to pay for qualified transportation expenses that you incur to commute to work. This plan can save you up to 30% on qualified expenses.

Using Your Benefits Card

You will receive a Benefits Card with your enrollment into the Transportation Plan. If you already have a Benefits Card because of enrollment into other plans, your current card will be loaded to include your Transportation Plan. Use this card to pay for your eligible transit expenses.

There may be times you encounter a transportation provider that is unable to accept your Benefits Card. This can occur for a variety of reasons. If this happens, please be prepared to pay out of pocket for your expense and request reimbursement via our cash-out process. Complete the Commuter Cashback Request form available on our website. A receipt is helpful but not required.
